

based on the film unDEFILED

An event to help your church or group live UNdefiled

from Light of Life Films

Life is a story. Ultimately, God is the author of this grand story in which we've found ourselves. The entire text of Holy Scripture is a narrative from "in the beginning" to how we've even found ourselves here... today. It's full of chaos and confusion but also order and hope. We see Jesus sharing stories as a primary way to communicate with people of that time. However, those stories still have a profound impact on us today. Consider the parable of The Prodigal Son. What better way to impact a generation than through a story? We relate to characters, and we feel that the characters' stories motivate us to create change.

unDEFILED is a story, too. It is based upon real-life people within our communities and uniquely crafted for you to relate, feel, and become an agent of change. The film addresses everyday situations in our communities, the church, and the counseling office. We invite you to watch unDEFILED with us, together, with what Dr. Dan Siegel would refer to as The Mindsight Tripod: Openness, Objectivity, and Observation. That is, Openness (receptivity to whatever comes into awareness without censor allowing clear seeing), Observation (ability to perceive self amid reactivity), and Objectivity (ability to have a thought or feeling without being swept off).

Having this mindsight allows the promises of Romans 12:2, "Do not conform to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God's will is—his good, pleasing and perfect will." Following the film, we will offer an opportunity for Q&A with the Director, Matt McCauley, and Executive Producer, Dr. Kevin Whisman. A brief assessment will be provided to gain your feedback and encourage you to make a commitment to change.

Through the UNdefiled narrative, this event will help individual attendees understand how their past story is shaping their present life, examine the impact their life story has had on the heart, and invite them into an UNDEFILED life. For, as the psalmist proclaims, "Let my heart be blameless (i.e., UNdefiled) regarding Your statutes, That I may not be ashamed." - Psalm 119:80

Topics to be covered:

- **Session One:** We are all shaped by something (Romans 12:2). What have you experienced in life that has shaped you? In this session, we will examine the question asked of Hagar in the desert. That is, "Where have you come from (Genesis 16:8)?" By analyzing the story of Mitch and Sammy, we will begin to consider the impact of your own life experiences on the condition of your present life and heart.
- **Session Two:** Due to our life experiences, our hearts question our goodness and the goodness of others. We begin to believe things about ourselves that are not true. These lies set us up to experience pain and create strategies of avoidance. Your strategy only perpetuates the pain cycle. Incorporating scenes from *unDEFILED*, we will examine Mitch's pain cycle, which leads to undesired outcomes.
- **Session Three:** We need the truth of God to overcome the pain of life experiences. Teaching through Ephesians 1 will set the stage for understanding our true identity. The lasting change occurs when we address the very question of Jesus, "But what about you...who do you say I am (Matthew 16:15)?"
